ATHLETICISM IS...
STRENGTH, AGILITY,
ENDURANCE, BUT ABOVE
ALL ONES OWN ATTITUDE
TOWARDS LETTING GO
OF LIMITATIONS.

THE NEW BMW X4.

AT THE VERY FIRST GLANCE: A TRUE ATHLETE.

Even the design of the new BMW X4 feels like a starting signal: Its characteristic proportions and striking lines make it appear thrillingly dynamic from every perspective. The new BMW X4 enjoys pole position in every discipline.

MODERNLY EXPRESSIVE: THE FRONT.

Powerfully focused, the new BMW X4 looks straight ahead. Sculptural, taut surfaces in the car's main colour span around the central, large BMW double kidney grille. The front apron with its three-part air intakes reinterprets the characteristic BMW front – an exciting sign of expressive modernity that extends to every design detail. Presence and driving pleasure that can be seen at first glance – those are the hallmarks of the new BMW X4.

■ Self-consciously dynamic: The large **BMW double kidney grille** is framed by a single-piece frame that makes it appear even more present.

BETWEEN VIBRANCY AND PRESENCE: THE SIDEVIEW.

Precise lines and expressive surfaces form a powerful vehicle body with a balance between sportiness and solidity. The characteristic BMW proportions of a stretched bonnet, flat windscreen and long wheelbase are emphasised by details such as the dynamic Hofmeister kink. One particularly elegant feature is the roofline that emphasises the athletic appearance of the new BMW X4 with its almost classic coupé shape.

FOCUSED ASSERTIVENESS: THE REAR.

The rear of the new BMW X4 is clearly road-oriented. Sporty, low and wide, large painted surfaces create a tidy, concentrated appearance. Striking tailpipe trims continue the consistently horizontal lines and provide a powerful finish at the bottom of the new BMW X4.

■ The central control element blends harmoniously into the **centre console**. The **air conditioning unit** is also integrated here, allowing intuitive access. The high-resolution, **12.3" information display** attracts attention above the centre console. In the new BMW X4, everything is in its place and every piece of information is immediately in view.

■ This is what absolute comfort feels like: the **sport seats** in the new BMW X4 provide excellent support and are upholstered in 'Vernasca' leather with decorative stitching. The soft leather combines a pleasant feel with a premium look.

ROOM FOR PERFORMANCE: THE INTERIOR.

Sporty and contemporary elegance with extensive decorative elements, clearly structured control islands and maximum-comfort seats: every facet of the new BMW X4 interior is in peak condition. Consistent driver orientation and intuitive usability of all functional elements complete an interior experience with the core message that in the new BMW X4, you are the absolute centre of focus on every journey.

THE JOY OF DRIVING, MULTIPLIED.

Dynamically whipped into shape and thanks to the unique interaction of BMW TwinPower Turbo engines and BMW xDrive, the new BMW X4 sets new standards when it comes to sporty handling. Precise and reliable steering, whatever the surface – and agility on every bend thanks to the Adaptive suspension and Performance Control: With the new BMW X4, new destinations are opened up every day.

■ From excitingly sporty to pleasantly comfortable: the driving experience switch enables to ideally adjust the taut **Adaptive suspension** to your preferred driving experience.

■ Even sportier with maximum suitability for everyday use: **Variable Sport steering** can be ideally adapted to the respective situation using the driving experience switch, facilitating both sporty and direct steering, as well as parking and turning.

■ Traction, directional stability and driving safety with maximum agility and characteristic BMW dynamics at the same time: The intelligent **xDrive** all-wheel drive brings together features that ensure you enjoy your time behind the wheel – no matter what the road surface.

■ **Performance Control** distributes the drive system's power to the rear wheels as needed. You will feel the result immediately: maximum agility, especially in bends, and euphoric driving dynamics from the very first moment.

■ The specific spring and damper tuning and a particularly direct suspension design in the **Adaptive suspension** further intensify the already distinctly sporty handling of the new BMW X4.

THE CENTER OF YOUR DIGITAL WORLD.

Leave everything behind, but stay connected to everything that matters to you: in the new BMW X4, comprehensive connectivity and infotainment features will ensure that you're at the heart of the action on every journey – no matter where your journey takes you.

■ With the **BMW Intelligent Personal Assistant** at your side, you are perfectly prepared for every challenge: it knows plenty about your new BMW X4, conveniently controls selected functions, and can be intuitively operated using its enhanced voice function.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your nearest BMW Authorised Dealership.

SAFE.
ALWAYS.

The new BMW X4 is always at your side, providing reliable support even in challenging driving situations. A smart combination of sensors, assistance systems and safety technologies ensures that you feel perfectly at ease on every journey and can skilfully master any situation.

SPORTINESS,
THAT ACCELERATES YOUR PULSE.

M SPORT PACKAGE.

■ The individually adjustable Sport seats for the driver and front passenger feature numerous electric adjustment options, including fore-and-aft position, and the backrest and seat angle. Thanks to larger seat and backrest bolsters, and well-defined side bolsters, they provide excellent ergonomics and a high degree of lateral support.

■ The M Leather steering wheel including multifunction buttons, an M badge and an integrated driver-side airbag is featured in three-spoke design. With a steering wheel rim in leather 'Walknappa' Black with black stitching and contoured thumb rests, it provides a direct, athletic steering experience.

■ The powerful M Sport brake featuring four-piston fixed calipers at the front and single-piston floating calipers at the rear in Red high-gloss with M logo and featuring large brake discs to ensure an outstanding braking power. Adapted to the vehicle's dynamic potential, it guarantees exceptional braking even with a sporty driving style.

■ 50.8 cm (20") M light alloy wheels Double-spoke style 699 M with runflat tyres (Front: 245/45 R20 ; Rear 275/40 R20)

EQUIPMENT HIGHLIGHTS.

■ The adaptive suspension makes it possible to ideally adjust the damper characteristics to suit any given driving situation, improving roll comfort and driving dynamics. In addition to the standard COMFORT setting for increased driving comfort, the SPORT program can also be selected for athletic damper settings.

■ The standard Adaptive LED headlights include low-beam and no-dazzle high-beam headlights (BMW Selective Beam) and turn indicators with full LED technology. The equipment also features cornering lights, daytime running lights and Adaptive headlights with variable light control for excellent illumination of the road ahead and better visibility in the dark.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your nearest BMW Authorised Dealership.

EQUIPMENT HIGHLIGHTS.

■ The Instrument panel in Sensatec lends the interior of the vehicle a highly exclusive atmosphere. The artificial leather is applied directly to a semi-rigid foam, and features an impressively soft surface. The wear-resistant material around the door panels on the front and rear features attractive double-lap seams.

■ When open, the Panorama glass roof provides a great deal of fresh air. Closed, it creates a bright, light-flooded atmosphere in the interior. It opens and closes completely automatically at the push of a button or with the vehicle key, and is equipped with slide and lift functions, roller sunblind and wind deflector.

■ The M anthracite headliner¹ together with body pillars and grab handles also lined in anthracite ensure a sporty ambience in the interior.

■ The full-colour BMW Head-up Display² projects all information relevant to the journey directly into the driver's field of vision, thereby allowing them to fully concentrate on driving.

■ The tonally outstanding Harman Kardon surround sound system features a 464-watt digital amplifier, nine channels and 16 speakers. Its sophisticated sound perfectly fills the interior space. Vehicle-specific, speed-dependent equalising precisely compensates for any background driving noise.

■ The variable sport steering with Servotronic creates a direct and agile steering response and ensures that less physical effort is required to turn the wheel. It reacts to the angle of the steering wheel with varying steering ratios. This improves handling when driving more dynamically and reduces the effort needed to steer when parking and turning.

■ Performance Control intervenes via engine control and through controlled braking of the drive wheels towards the inside of the bend. This distributes more drive power to the outer wheels. Directing the vehicle's angular momentum into the curve to boost agility and directional stability.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your nearest BMW Authorised Dealership.

EQUIPMENT HIGHLIGHTS.

■ The BMW Live Cockpit Professional with navigation function includes two high-quality displays consisting of a high-resolution 12.3" Control Display that can be operated by touch and a fully digital 12.3" instrument display. The BMW Operating System 7 can also be operated via the iDrive Touch Controller.

■ The innovative operating concept of the BMW Operating System 7 enables even easier operation of vehicle functions via e.g. speech, touch screen and iDrive control – very intuitively. For this purpose, the functionality of the Controller has been upgraded. So now the apps menu can be selected directly.

■ Wouldn't it be incredible if your BMW was also your personal vehicle expert? Communicate with your vehicle using the BMW Intelligent Personal Assistant. Say natural commands to operate numerous vehicle functions. It can also explain topics about your vehicle and helps you to get to know your BMW even better.

Smartphone Integration is permanently available in the vehicle. It includes Apple CarPlay and Android Auto. Due to possible future technical developments (e.g. of mobile phones), the usability of the Apple CarPlay or Google Android Auto service cannot be guaranteed permanently. CarPlay is a trademark of Apple Inc. Android Auto is a trademark of Google LLC.

■ The Parking Assistant makes parking the vehicle easier. The Reversing Assist Camera and Reversing Assistant support the driver when reversing. Active Park Distance Control offers increased protection against damage caused by parking. Parking Assistant parks the vehicle automatically, parallel or perpendicular to the street, and leaves parallel parking spaces.

■ The system measures potential parking spaces while driving slowly past them (at speeds below 35 km/h) and at a maximum distance of 1.5 m from the row of parked vehicles. Once a sufficiently sized parking space has been found, you just need to turn on the indicator and the Parking Assistant takes over the steering, and covers gear selection and acceleration. All you need to do is monitor the parking process.

■ Smartphone Integration is permanently available in the vehicle. It includes Apple CarPlay and Android Auto. Due to possible future technical developments (e.g. of mobile phones), the usability of the Apple CarPlay or Google Android Auto service cannot be guaranteed permanently. CarPlay is a trademark of Apple Inc. Android Auto is a trademark of Google LLC.

■ The 8-speed Steptronic Sport transmission offers incredibly sporty gear changes. Whether automatic or manual using the selector lever or gearshift paddles – for comfortable coasting or incredibly dynamic driving. In SPORT mode and with the selector lever in the left-hand S/M position, the gear shifts are configured for the maximum performance.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment.
